my Building ALERTS

$2 to $3 of value
For every $1 spent

my Building Alerts is a SaaS platform that guides small building owners, tenants, and contractors to be proactive

Is my building healthy and comfortable?

How does my building compare to others?

Am I wasting money and/or hurting the planet?

Am I achieving cost savings and other benefits?

Is service needed / was service performed?

Are there other issues I need to be aware of?
